

WILDFIRE EVACUATION CHECKLIST

TAKE GRAB & GO BAG – See Reverse side for list of items.

FAMILY MEMBERS/PETS/LIVESTOCK:

- If possible evacuate all family members not essential to preparing the house for wildfire.
- Plan several evacuation routes from your home. If possible plan more than one route.
- Designate a safe meeting place and “out of area” contact person.
- Relay your plans to the contact person.
- Evacuate pets and livestock whenever possible, AND never turn animals loose.

VEHICLE PREPARATION:

- Place vehicles outside the garage pointing out.
- Keep vehicle fuel tank above half-full during fire season.
- Roll up the windows to keep out smoke and ash.
- Close the garage door, but leave unlocked.
- Place essential items in the car.
- If you do not drive, make other arrangements for transportation in advance.

PREPARING THE HOUSE:

- Close all exterior doors and windows.
- Turn off all pilot lights.
- Place combustible patio furniture or other items in the house or garage.
- Shut off propane or gas tanks. If you have natural gas leave this on as utility company will turn off if needed.
- Make sure that all garden hoses are connected to faucets and attach nozzles set on “spray”
- Turn on outside lights. Turn off TV and radio.
- If you have an emergency water source (pool, pond, etc.) and/or portable pump, clearly mark its availability so it can be seen from the street or place a note on your front door but turn off pool or hot tub breaker. Water sources help firefighters.

LAST STEP

- Take pictures of exterior and interior of your home and out buildings including contents. This will assist insurance adjusters. Then take a deep breath and remember to remain calm. If you have an elderly or disabled neighbor make sure that can also evacuate, but please ensure you can also evacuate safely.

NOTES: Mark down other items you may wish to take with you (i.e. family heirlooms, laptops, etc.)

EMERGENCY EVACUATION KIT

GRAB & GO BAG

Before an evacuation you should have this bag completed. When you are requested to leave your home and go to an Emergency Social Services Reception Centre, a Grab & Go Bag should be small enough for you to carry but can sustain you and your family for 6 - 12 hours. The following are some items that are recommended for this bag:
